

BETWEEN TEXT(S) AND PRACTICE(S):

Islamic prophetic medicine in scientific and religious knowledge regimes

A Public Lecture by

AHMED RAGAB

Richard T. Watson Assistant Professor
of Science & Religion at Harvard
Divinity School

Professor Ragab's work includes the history and development of medieval Islamic sciences, the relationship between science and religion in the medieval and modern Middle East, the history of medieval Islamic hospitals, and the intellectual and cultural history of women in the region.

He has several forthcoming projects, including the book *A Biography of a Hospital: Medicine, Religion and Charity in the Medieval Middle East*.
